EXPERIENCE

Web Development Intern

Aug 2025 – Sep 2025

Skill Craft Technology, Chennai

- Developed responsive web interfaces using HTML, CSS, and JavaScript improving usability and layout consistency.
- Implemented UI components to enhance functionality and visual design.
- Debugged front-end issues and optimized performance for better user experience.
- Collaborated with team members in an agile environment to meet tight development deadlines.

Java Developer Intern

Sep 2025 – Nov 2025

Codec Technology, Chennai

- Built backend modules using Core Java and object-oriented programming principles.
- Implemented clean and maintainable code following software engineering best practices.
- Worked with data structures and algorithms to solve programming problems efficiently.
- Assisted in debugging and improving existing application components.

Java Full Stack Developer Intern

Jun 2026 – Jul 2026

TVK Technologies, Chennai

- Developed a "Food Ordering System" using Java Full Stack technologies as part of a live internship project.
- Contributed to project development, task execution, and documentation throughout the internship.
- Collaborated with the team, demonstrating strong problem-solving, adaptability, and teamwork skills.
- Maintained a professional and structured approach, completing tasks with sincerity and punctuality.

PROJECTS

Web Development Tasks — Skill Craft Technology

- Responsive Landing Page — Built a fully responsive landing page using HTML, CSS, and JavaScript.
- Stop Watch — Developed a functional stopwatch application with start, pause, and reset controls.
- Quiz Game Application — Created an interactive quiz game with score tracking and dynamic questions.
- To-Do List Application — Built a to-do list app supporting task creation, completion, and deletion.

Food Ordering System — TVK Technologies

- Developed a Food Ordering System as a Java Full Stack Developer Intern, integrating frontend and backend components.
- Implemented core ordering functionality using Java Full Stack technologies.
- Managed project source code and version control using GitHub.

COURSES

Python Programming — HCL GUVI

Java Programming — HCL GUVI

CORE COMPETENCIES

Problem Solving • Communication • Team Collaboration • Adaptability • Time Management

LANGUAGES

English (Professional Proficiency)

Tamil (Native)
